Nice work

Congratulations @ankur1405, you've completed this course!

What went wellNow, you have your slide deck deployed [here](#) and you've gone through the GitHub Flow.

Before I say good-bye, here's a recap of all the tasks you've accomplished in your repository:

- You learned about issues, pull requests, and the structure of a GitHub repository
- You learned about branching
- You created a commit
- You viewed and responded to pull request reviews
- You edited an existing file
- You enabled GitHub Pages
- You made your first contribution! 🎉

Give us feedback

We'd love to hear what you thought of this course. Please share your feedback in [this brief survey](#).

What's next?

We hope this course helped you feel more comfortable using GitHub. Remember: You're always welcome to repeat course topics if you'd like additional practice. If you're ready to build on your new skills, here are some ideas.

Contribute to a project

To find projects to contribute to through trending topics and curated collections, check out [GitHub Explore](#).

Keep learning

Here are some suggestions for future courses you can take:

- [GitHub Pages](#): Continue learning about GitHub Pages, which we touched on in this course.
- [Communicating using Markdown](#): We used a little Markdown in this course, but if you want to learn all about this ✨ syntax, take the course!

[What will you learn next?](#)
